## LEVEL 2 INTERMEDIATE APPRENTICESHIP IN BUSINESS ADMINISTRATION

### Programme Overview:

Business Administrators across all industries handle day-to-day support tasks to ensure that business runs glitch-free, including the organisation of people, resources and information. Apprenticeship programmes in Business Administration are ideal to meet the skill needs of businesses, upskill staff and to attract new candidates looking to start a career in business and administration.

There are 3 levels of Business Administration Apprenticeship Frameworks, depending on the experience of the candidate required and the needs of the job role. Candidates can progress through the levels depending on the opportunity available.

### Entry Requirements:

There are no formal entry requirements for a level 2 Apprenticeship in Business Administration. Apprenticeship programmes require a level of English, Maths and ICT; which we cover to support achievement through the completion of functional skills at the required level.

### Initial Assessments:

Initial assessments for Maths and English will be carried out for all apprentices using an approved diagnostic tool this will include a full diagnostic of knowledge in Maths and English to gauge the level at which the apprentice is working. This will enable us to support the apprentice and structure training provision. Learners' suitability for the chosen apprenticeship programme is also initially assessed to ensure each learner is on the most appropriate programme for their chosen career path.
